first insertion; 3 cents per line for each
subsequent insertion. One change, a
week allowed on readers without extra
composition charges.
Legal advertisements at legal rates.

Good day, Mr. Harding.

Good evening, Mr. Wilson, but not
good night.

The worst wrecked ship in history
is statesmanship.

Beef is said to be cheaper on the
hoof, but unluckily we can't eat the
hoof.

The laborer is worthy of his hire,
but it used to be higher than it is—and
the end isn't yet.

America, Britain and Japan must
make up their minds between friend-
ships and warships.

There is plenty of room at the top,
but that's because most people who
arrive at the top are immediately
knocked off.

A contemporary speaks of "the
great heart of America on its knees."
We'd give a dollar to see a moving
picture of any sort of a heart on its
knees.

We give a large portion of our
space today to President Harding's
inaugural address. If he lives up to
it, his administration will be one that
few can complain of.

A friend of our elbow suggests that
some of the girls should get in the
race for pages in the Florida legisla-
ture.—Times-Union.

Good idea. We know several we
could conscientiously boost for.

A cartoon shows Mr. Harding
ready to move in the White House,
bag and baggage. Among the bag-
gage is a valise labeled "normalcy," a
portfolio labeled "peace," a trunk la-
beled "prosperity" and a suitcase la-
beled "plenty." We note with regret
that the suitcase is not very large.

A friend of ours reminded us of one
Diogenes, who went thru the streets
of his home town in broad daylight,
with a lantern in his hand, looking, he
said, for an honest man. We don't
believe Diogenes was looking for any
such person. We believe he was try-
ing to advertise himself, and he suc-
ceeded!

We have no sympathy with this
"Pity Poor Germany" slobbering
whine going over the country, propa-
ganda from Germany. Pity the poor
rest of the world that today is suffer-
ing because of the hellish determina-
tion of Germany to dominate man-
kind!—Tampa Tribune.

Our sentiments, exactly.

Be sure to read elsewhere the notice
of the meeting of the Marion County
Hospital Association. The hospital
continues to grow in good works as
it grows in age, and is an invaluable
asset to our city. It causes the eyes
of people for scores of miles around
to turn toward Ocala, not only in the
day of need, but whenever the idea
of sickness or accident occurs to any-
one in its territory. It is a moral and
material advantage and deserves the
full support of Ocala people.

As the Star remarked a few days
ago, there will be introduced into the
legislature a bill which if enacted into
law will permit the governor to ap-
point a highway commissioner to
supervise the road work in Marion
county. This is one of the most im-
portant measures yet mentioned in re-
gard to legislation at the coming ses-
sion, and as it will if it becomes a law
entirely revolutionize our system of
roadwork and create an office that
will in all probability last for many
years, we think it should be published
in full, so our people can see just
what it is and express their opinion
to their representatives, as they have
been invited to do. The Star thinks
it will save the county considerable
money and greatly increase the effi-
ciency of the road force to have it
united under one head and working all
at one place at a time instead of being
broken into five small gangs under
five bosses, working at five different
places and each accomplishing com-
paratively little. The Star thinks,

however, that the bill should provide
that the commissioner should be a
competent road engineer. If he isn't,
he will have to employ an engineer at
a salary of several thousand dollars a
year, while the commissioner himself
will be practically useless. The Star
also thinks that the commissioner
should be elected by the board of county
commissioners and not appointed by
the governor. We are perfectly
willing to have Governor Hardee se-
lect such an officer, and believe he
would select a good man, but we are
also sure he would prefer to leave it
to the commissioners. And we do not
know who will succeed Hardee. Such
an office, if appointive, would be sure
to go into politics in the next cam-
paign, and go to a friend of the suc-
cessful candidate. This is something
that our people want as little as
possible. The people of Marion county
elect commissioners to attend to that
sort of business for them, and can
hold them to account, but the gov-
ernor once elected is beyond their
reach. The Star offers the gentlemen
who favor the bill free space for pub-
lication. Let's print the bill and see
how the people like it.

STAR WILL INCREASE ITS TELEGRAPH SERVICE

Beginning next Monday, the 7th,
the Star will increase its telegraph
service almost 50 per cent. That al-
ways reliable institution, the Asso-
ciated Press, has established a Flori-
da department, and in addition to its
regular service will devote additional
time and attention to strictly Florida
news, helping us to give a great deal
of what is happening in the state to
our readers two or three days sooner
than usual.

The Associated Press is able to do
this by the aid of a combination of the
dailies of the state, all of which, we
believe, but two, take its service. Each
reports news to a common headquar-
ters which sends it out to all. This
arrangement will greatly increase the
interest of the telegraph pages and
the value of the papers to their read-
ers.

This new feature will also increase
the Star's expenses, and we hope our
readers and advertisers will help us to
meet it by paying up promptly and
giving us all the patronage possible.

CHIROPRACTIC

Others are being restored to health
and happiness by the treatment. Why
not you? DR. KIPLINGER,

FAIR WARNING TO AUTOMOBILE DRIVERS

Notwithstanding several warnings
and a number of arrests, the automo-
bile ordinance of Ocala continues to
be frequently broken by reckless driv-
ers, and the risk to life and limb of our
people also continues in proportion.

This therefore is to give fair warn-
ing. Beginning three days from now
the Ocala police will arrest promptly
all persons found breaking the ordi-
nances regarding driving and parking
of cars in the city limits.

Speeding, running without lights or
with too much light, and all the other
regulations, which are well known to
experienced drivers, and can be easily
learned by the ignorant, will insure
arrests and heavy fines. Please pay
attention to this warning. The ordi-
nances have been passed for the pro-
tection of the people, all good citizens
will obey them and the police will see
that they are obeyed.

Respectfully, Henry Gordon,
Chief of Police.

Pepper Tea.

Pimenta, or pepper tea, deriving its
name from the marked similarity be-
tween this fruit and the pepper bean,
is the berry of a plant which grows
wild in Honduras, Central America.
The extract of which enjoys a wide
usage as a substitute for tea and
coffee, and is by many preferred to
either, writes a correspondent from
Puerto Cortez. The beverage is very
soothing, and should, if introduced
on the market, enjoy a marked degree
of popularity.

Fish in a Power Plant.

Algae and other water growths per-
sisted in growing in the cooling tow-
ers of a large power and light plant.
Chemical solutions did not seem to
affect them, and finally the company
hit on the plan of placing carp in the
towers. Immediately the water be-
gan to clear up, and soon all trace of
algae had disappeared. The fish did
not interfere with the purpose of the
towers, so they still live there.—Popu-
lar Science Monthly.

Home of Famous People.

Famous folk were among the au-
thors, inventors and composers who
made Bardonia, Ky., their home.
Take it from the Automobile Blue
Book. The composer was Stephen
Collins Foster, who composed "My
Old Kentucky Home." The inventor
was John Fitch, who built the first
steamboat. The author, perhaps, bet-
ter known than either of the two, was
J. James, author of the phrase,
"Hands Up!"

World's Deepest Gold Mine.

The gold mine of St. John del Rey,
in Brazil, is the deepest metal mine in
the world. It was opened more than
80 years ago, and had been sunk to
6,326 feet at the time of the latest
report. The temperature in some
parts reaches 116 degrees F., the rise
in the heat of the rocks averaging one
degree in every 126 feet of descent
from the surface.

Jokes Brought Recollection.

"I liked that last story of yours,"
he said to the funny merchant. "Al-
ways have liked it. I recollect when
I first heard that yarn I laughed so
much I nearly kicked my cradle to
pieces."

One in Danger.

Mrs. Dibbs (with newspaper)—Just
think—a photograph can now be sent
by wireless! Wonders will never
cease.

Dibbs—Don't bet on that, lady. If
certain power companies have their
arrogant way, I can peek into the
near future and see the finish of Ni-
agara Falls.—Buffalo Express.

Big Area in Parks.

There are 18 national parks located
in 14 states and territories and com-
prising nearly 8,000,000 acres of land,
says the American Forestry Magazine
of Washington.

To See What's Inside.

In giving little Willie a present you
can greatly facilitate matters by also
presenting him with a hammer with
which to break it.—Philadelphia Pub-
lic Ledger.

Belong in the Museum.

A well-appointed carriage and team
of horses is so rare a sight on the
streets of New York as to excite gen-
eral comment.

Foolish Mankind!

Jud Tunkins says the ego is un-
conquerable. Everybody imagines he
is going to live a hundred years or
so, although nobody ever does.

Paper Devoted to Rheumatism.

One of the oldest periodicals in the
world is a monthly paper devoted en-
tirely to the interests of rheumatic suf-
ferers.

YOUR OPPORTUNITY!

What the President of the Ford Motor Company says about PRICES.

We have received the following from Mr. Edsel Ford, president of the Ford Motor Company:

"There is no change in the present Ford Car and Truck prices, which already are at the lowest possible figure, and now with rock bottom reached on the Tractor price a further reduction in price in either the car, Truck or Tractor is out of the question; in fact the big price cuts have been made in anticipation of continuous maximum production and increase may be necessary before long if a large volume of new business is not obtained. Therefore present prices of Ford products cannot be guaranteed against possible increase."

While there is an actual shortage of Ford cars in other sections, due to the closing down of the factories, we have been able to secure a few extra cars for Spring trade and can make immediate delivery of a limited number.

BUY NOW WHILE THE PRICES ARE DOWN AND THE CARS ARE AVAILABLE. DELAY MAY BE COSTLY TO YOU.
